

# Flexabed Premier

The Flexabed Premier sets the standard for comfort and convenience in an adjustable bed. Every amenity Flexabed offers can be added to the Premier model. This fully customizable bed can be designed and built in hundreds of configurations to fulfill your specific needs.

As the day winds down, relax in your new Flexabed Premier with a good book or your favorite movie. Either way, put up your feet and enjoy the contentment that comes from a day well spent.

A luxurious sleep is only moments away with Flexabed's dual timed massage featuring soothing, whisper quiet wave and pulse technology at your back and legs.

**With the Flexabed Premier, a good night's sleep lasts all day long.**

## *Every Premier comes with*

- a limited lifetime warranty.
- your choice of one-touch wireless or wired remote.
- whisper-quiet motors with optional dual timed massage and optional under-bed lighting.
- a 2 inch foundation profile, high-density, heavy duty padded base made with Advantech® material that will not warp, break or squeak. If you plan to add side rails, the Premier must be ordered with a 2 inch foundation profile.
- locking casters or leg pads.
- the ability to attach to existing headboards.
- a Premier mattress featuring a beautiful knit fabric quilt panel with a tack and jump pattern and a stylish knit border with designer taped edges. It is thicker and more luxurious than ever before. Choose from several different mattress constructions.
- user-programmed memory positions.
- optional Bluetooth connectivity which allows compatible smartphones the ability to control the bed.
- our highest quality adjustable bed for those who do not need the functionality to raise or lower vertically.
